FEATURES

01

Plug-and-Play Multi-Touch

Multi-Touch displays are equipped with automatic touch recognition, upto 10 points. The USB connector is HID- compliant, providing true plug-and-play operation.

02

Wireless Screen Share

Wireless data sharing feature is fast and easy to use. Display 2 data sources shared simultaneously from 2 different devices.

03

Multi Opera System

Parallel support 2 operating systems working together. switch back and forth quickly and easily

04

4K Ultra-HD Resolution

See your TouchSide like never before thanks to four times the resolution of a conventional Full HD display. 3840 x 2160 pixels provide an image so refined, so lifelike, it's a window to a new world.

05

OPS Insert

Open Pluggable Specification (OPS) is an industry- standard slot into which you can add an OPS- standardised media player. This cable-free solution gives you the ability to install, use or maintain your hardware whenever you need to.

06

SmartPower

The backlight intensity can be controlled and pre-set by the system to reduce the power consumption by up to 50%, which saves substantially on energy cost.

07

Free Apps For Education

Provide free software for education, making learning and teaching more enjoyable than ever.
