

## TC30UP

### Charging Cabinet

The TC30UP is the ideal solution for classrooms or schools with limited space. You can charge mix and match iPads and Laptops devices at one time. What's more, the TC30UP allows you to simply add, remove or modify apps, files and user profiles on all connected devices simultaneously using its sync function. Devices are safe and secure thanks to the steel doors and three-point lock.

#### Safe Charge & Security

Equipment arc design; With overload protection function; Grounding safety; Lock by design.

#### Hassle-Free Design for Use

TC30UP's high power ports are installed in at front for easy plugging, making devices charging as simple as plug and go. Three slide-out shelves allow for easy storage and removal of devices, making accessing devices supremely user-friendly.

#### Real-Time Status Check-Up

The TC30UP's status indicator uses colored LED lights so teachers and students can see the status of each device with just one glance, whether it is charging, fully charged or syncing, even with door locked.

#### Secure Your Investment

Your devices will be safely secured within the TC30UP's sturdy frame and steel doors, outfitted with a three-point locking mechanism. This extra-tough design effectively protects against any threats of theft or vandalism..

#### Utilization & Mobility Design

The TC30P is designed to maximize user ease and convenience, with a compact structure that can fit in even the most space-starved classrooms. Not only does the TC30P have a small footprint, it also offers the perfect space for integrating mobile devices, Tezag visualizers, and more into your lessons.

## Charging Cabinet

### Product Specifications

#### Device capacity

- 30

#### Supported devices

- Laptop / Chromebook / tablets up to 14"

#### Sync type

- N / A

#### Charging type

- Smart Cycle Charging

#### External power outlets

- N / A

#### LED indicator

- N / A

#### Sliding shelves

- N / A

#### Divider type

- Metal bar

#### Warranty

- 01-year: mechanical components

#### Security

- Front and rear doors:
- 2-point mechanism with keys

#### Product size

- H = 900 mm
- W = 490 mm
- D = 540 mm

#### Product size

- 380\*250x34mm

#### Net weight

- 52 kg (114.64 lbs)

#### Gross weight

- 73 kg (116.84 lbs)

#### Power specification

- AC in: 220-240V ~ 50/60Hz, 8A
- PWR strip: 32-port total, 220-240V ~ 50/60Hz, 8A

#### Cable management

- Individual AC adapter compartments and secure
- cable channel by cable clip

#### Casters

- 5" casters
- (4 x 360 degree, 2 x lockable in rear, 2 x directional in front)
